

KACPER KOPYSC

kacper.kopysc08@gmail.com | +48 725 552 236

PROFESSIONAL SUMMARY

Narrative designer and educator with professional experience in QA testing, game design instruction, and multilingual content creation. Skilled in developing narrative structures, dialogue systems, and world-building concepts that support gameplay and player engagement. Experienced working collaboratively across disciplines and implementing content inside game engines including Unreal Engine and Unity. Passionate about world-building, and iterative/environmental storytelling.
